

Tervetuloa/Welcome back to *Salolampi Language Village!*

Reserve your spot for your child this summer - don't miss out on the unique opportunity Salolampi provides for cultural enrichment and fun! Scholarships and financial assistance are available - deadlines fast approaching!

Salolampi Language Village is offering a hearty “tervetuloa” to villagers this year to welcome them back for a summer of creativity, fun, and learning - Finnish style!

Salolampi Dean Amy “Iida” Tervola-Hultberg is delighted to greet students once again and invite them to enjoy sunny days - filled with music, art, sports & games, refreshing dips in Turtle River Lake, steaming in the sauna, and, of course, delicious Finnish food, made from scratch with fresh and local ingredients.

Best of all, students can benefit from the experience of being immersed in modern world culture, while parents have peace of mind, knowing they’re learning in a safe, beautiful, and screen/device-free environment. *Salolampi Language Village*, located in the picturesque

forest of Northern Minnesota, is one of 15 modern language villages offered through *Concordia Language Villages*, an innovative experienced-based learning program, sponsored by Concordia College, a private four-year liberal arts college.

“This year, we look forward to also welcoming a full staff of talented Finnish-speaking language, art, and music instructors from Finland and America,” said Tervola-Hultberg.

“We’ve earned a reputation for providing our

villagers with the best opportunity in the United States to learn Finnish, increase cultural awareness, and gain new skills within the context of a fun-filled summer camp setting.”

Tervola-Hultberg reminds parents that generous scholarships are available from Finlandia Foundation National to students who apply by April 30. The link to apply is here:

In addition, *Salolampi* Foundation, the 501c3 Board that singularly supports Salolampi Language Village, also provides opt-in financial assistance to students, while funds remain. The summer program runs from June 20 - July 17. Families can select sessions for one week, two weeks, and one month for ages, 7 to 18.

You can find out more about scholarships and to register for a summer session here:
